CAREER OBJECTIVE

As a Full Stack Developer fresher, I aim to join a forward-thinking tech company where I can apply my knowledge in both frontend and backend development. My goal is to contribute to impactful projects while continuously improving my technical skills, and eventually grow into a proficient developer delivering business value.

PROJECTS

Portfolio Website: <https://ziyaportfolio.vercel.app/>

Feb 2024

- Developed a personal portfolio website to professionally present projects, certifications, and technical skills in a structured and visually appealing format.
- Integrated responsive design and smooth navigation to ensure accessibility and user engagement across all devices.

Founder | CodeNestia: <https://codenestia.vercel.app/>

Aug 2025 – Present

- Built a learning platform focused on practical, skill-based education through structured courses, quizzes, and weekly assessments.
- Provided **free internships** with a **3-level task structure**, offering hands-on project experience to students.
- Enabled personalized mentorship and career support to bridge the gap between academic theory and industry demands.
- Achieved strong growth with **10,000+ internship requests** and **200+ enrolled students** in a short span.

Forecast-app: <https://forecast-app1.vercel.app/>

ISRO Hackathon Project | July 2025

- Developed a responsive web application using the **MERN Stack** (MongoDB, Express.js, React.js, Node.js) to display real-time global **air quality (AQI)** and **weather data**.
- Integrated external APIs including **OpenWeatherMap (Weather & Air Pollution APIs)** and optionally **OpenAQ, CAMS, and Sentinel-5P via GEE** for enhanced environmental data.
- Implemented an interactive **map-based UI (React Leaflet)** with live AQI, pollutant details (PM2.5, PM10, NO₂), temperature, humidity, and wind speed.
- Designed a modern, animated, and mobile-responsive interface using **Material UI** and **Framer Motion**, with custom bubble animations in the hero section.

COURSES & CERTIFICATIONS

- I Have Complete Internship with **EDUNET Approved by AICTE** Included **Offer Letter**.
- I Have Also Completed Internship with **Pregrad** Included **Offer Letter**.
- data-analytics with **Deloitte**.
- Python With **Skill Up by Simplilearn**.
- Data Structure with **Li-Mat Soft Solution Pvt.Ltd.**
