EDUCATION

Dr. A. P. J. Abdul Kalam Technical University

Bachelor of Technology (B. Tech), Computer Science (Appearing)

Lucknow

2022 - 2026

+2 Janta Jhiwach Ghat, Darbhanga

Intermediate (Class 12), Science Stream

Bihar

Year of Completion: 2022

PROJECTS

Founder | CodeNestia: [Live Demo](#)

Aug 2025 – Present

- Built a platform for practical, skill-based learning with structured courses, quizzes, and weekly assessments.
- Designed and launched internship programs with a 3-level task-based structure for hands-on project experience.
- Provided personalized mentors-hip and career support to bridge academic concepts with industry needs.
- Streamlined onboarding and task management using custom dashboards and automation tools.

Private Bus Offline Ticketing System: [Live Demo](#)

Nov 2025 – Present

- Developed a MERN-stack web app enabling offline ticket generation for private bus operators.
- Implemented dedicated dashboards for **Conductor**, **Agency**, and **Admin** to manage tickets, buses, and routes efficiently.
- Added local data caching with auto-sync and Bluetooth thermal printer support for on-board ticketing.
- Designed a modern, responsive UI using Material UI and Framer Motion for smooth user experience.

Forecast-app: [Live Demo](#) - [View Certificate](#)

ISRO Hackathon Project | July 2025

- Built a MERN stack web app displaying real-time global AQI and weather data.
- Integrated APIs like OpenWeatherMap, OpenAQ, and Sentinel-5P (via GEE) for environmental insights.
- Designed an interactive map UI (React Leaflet) with pollutant and weather metrics.
- Created a modern, responsive interface using Material UI and Framer Motion.

ACTIVITIES AND LEADERSHIP

Organized | SR Hackathon (Internal SIH Qualifier): [Live Demo](#)

11-Sep 2025 – 16-Sep 2025

- Organized an internal hackathon to select top teams for the Smart India Hackathon 2025. Managed event.
- planning, team coordination, judging, and prize distribution for 400+ B.Tech & B.Voc students.
- Built the official event website: srhackthon.vercel.app to streamline registrations and submissions.

Volunteer | IEEE Computer Society

S.R. Institute, Lucknow | Aug 2023 – Present

- Coordinated with executive members to foster collaboration between students and professionals.
- Led outreach programs to promote STEM education and support underprivileged students.

Technical Skills

Languages: HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, Java (Basic), Data Structures & [Algorithms](#) (Basic), Python (Basic)

Tools: MongoDB, MySQL, Git, GitHub, VS Code, Android Studio, Figma

Frameworks : Node JS, Express JS, React JS, React Native

Concepts : Data Structures, Rest APIs, DBMS, Operating Systems

Soft Skills

Effective Communication, Problem Solving, Team Collaboration, Adaptability, Time Management, Critical Thinking

Languages

Hindi (Native/Fluent), English (Professional Proficiency)

Courses & Certifications

Internship (EDUNET, approved by AICTE) – [Offer Letter](#) - [View Certificate](#)

Internship (Zidio Development) – [Offer Letter](#)

Internship (Pregrad) – [View Certificate](#)

Postman API Fundamentals Student Expert – [View Certificate](#)

Data Analytics Certification – Deloitte – [View Certificate](#)

Python Training – Skill-up by Simplilearn – [View Certificate](#)
